

Gene Taylor Veterans Clinic - Springfield MO

LSSM
PROVIDING QUALITY LEGAL AID

Legal Services of Southern Missouri (LSSM) is proud to announce that it has partnered with the Gene Taylor Veterans' Outpatient Clinic in Springfield, Missouri. The goal of this collaboration is to offer veterans personalized legal guidance and assistance in dealing with a wide range of civil legal issues. This partnership will provide veterans with access to legal support while receiving care and treatment at the outpatient facility.

Veterans can visit the clinic every Wednesday to meet with a qualified and experienced lawyer from LSSM. These lawyers can help them apply for services and provide guidance and representation in civil legal matters when needed. LSSM offers legal services to assist veterans with diverse issues such as bankruptcy, expungements, custody and child support, consumer problems, divorce and family matters, education, employment, housing, public benefits, wills and probate, and

victim services.

The partnership between LSSM and the Gene Taylor Veterans' Outpatient Clinic is a significant step towards improving veterans' access to justice. Together, LSSM and the clinic will be able to provide additional support to a larger number of veterans who may otherwise find it difficult to navigate the complex legal system. This partnership will help to address and dismantle the justice gap experienced by many veterans, ensuring that they receive the necessary support, resolution, and freedom they deserve.
